Keyguard Digital

A superior outdoor key safe

- Push button access
- Used for storing single car keys
- Can also allow authorised persons to access a property
- Easier to use than combination key safes
- 12 button design offers a higher level of security than other push button key safes
- Holds keys up to 80mm long
- Weather resistant rubber cover included

dimensions	weight	
external 115 x 65 x 55mm internal 80 x 40 x 20mm	0.7kg	£44.00

Easy to use

Step 1
Insert your personal colour coded access peg

Step 2
Twist to release the required key

Step 3
Remove key!
Access peg cannot be removed until key is returned

Colour coded – identification system

- Keys are secured to a numbered (retention) peg with a secure anti tamper seal, the peg is then locked into the board.
- Keys released only from the board with a coloured user (access) peg.
- User (access) peg locked onto board will identify exactly who has taken each key.

System features

The superior electronic key management system for any public or private organisation, the E-System incorporates state of the art system hardware alongside easy to use admin software, creating the ultimate solution in key management for 24/7 security and control.

E-Systems are proven to ensure rapid return on capital investment, ideal for any organisation managing any quantity of high priority keys, cards, panic alarms etc.

All colours and existing control system integration available.

Access via – pin code, proximity card, fingerprint, breathalyser

Benefits

Quick, easy-to-use software shows what keys are in, what keys are out, and to whom they are issued.

No more looking for, or replacing, lost keys — always know who took which key and when.

Complete audit trail and reporting by user and key activity.

Jupiter Safe

Small budget safe

- Superior build quality compared to other safes in this class
- Ideal for storage of car keys, wallets, mobiles and small quantities of cash
- Can also be built into banks for use in hotels and office foyers

G-Lock UVGL

The G-Lock seal is a strong and durable polypropylene pull-through seal, available (if required) with a tear-off facility – to allow easy removal without the need for tools.

Applications

Cash bags, sacks, waste bags, roll cages, tote boxes, polythene bags, clinical waste

Thermal transfer or hot foil printing: names, general text, company logos, telephone numbers, sequential numbers

8 colours

length	quantity	unprinted	laser printed
220mm	1000	£58.50	£67.50
350mm		£67.50	£82.50
400mm		£69.50	£84.50

Tab Tie

Our Tab Tie is a versatile identification tie with a paddle for clear easy printing, introduced as an addition to our printed cable ties. The Tab Tie is manufactured in the UK and printed in fingers of 20, allowing for quick and inexpensive customisation for a range of applications.

Applications

Sealing and traceability over a range of applications – including clinical waste bags, document bags, safety chains and nets, lifting gear, hoses etc and many other asset tagging applications

4 colours

dimensions	quantity	unprinted	printed
200 x 4.8mm	1000	£52.50	call for details
300 x 4.8mm		£58.00	call for details

Premier Seal

The Premier is the original flat-type metal strip seal, an inexpensive and high-quality seal tested and approved by leading shippers and government agencies. The seal features sturdy crimped sides, strong spring snap and enclosed locking mechanism – designed to resist tampering.

Applications

Freight containers, vehicle doors, TIR cables, curtain side buckles, enclosures of many kinds, storage bins, ID tags, sprinkler systems, tractors & trailers

Features

- Made of tin plate steel (recyclable material)
- Applied without the use of tool
- Cannot be disengaged by intrusion or manipulation and unlike plastic there is no risk of piercing with pins to interfere with the mechanism
- Fits through extremely thin slots
- Breaking strength: average 40kg

dimensions	quantity	price
222 x 7mm	1000	£67.50

Features

- Superior tamper evidence
- Can be customised with customer's logo and sequential alphanumeric digits or barcode
- Markings are laser marked or permanently engraved
- Custom-made cable that unravels when cut eliminating the risks of rejoining
- Precision heat-treated tool steel locking mechanism
- Available in various cable lengths expanding the level of sealing applications
- Easy to apply and tools are not required
- A cable cutter is required to remove an engaged seal

Protect yourself and your business

Ever been suspicious of a colleague or customer being over the legal limit to get behind the wheel?

Testing drivers is easy and inexpensive using single use breathalysers.

People often get caught out driving the morning after the night before – our disposable breathalysers will protect you.

The Digital options marked (Scottish) are calibrated to the 0.5% BAC limit while the UK/Scottish Disposable Breathalysers have the unique feature of having "3" lines of alcohol measurement at 0.2%, 0.5% and 0.8% BAC capturing most countries in Eastern, Western and the UK's legal limits including Scotland. All on a single tester.

- Advertise your company

Posca pens – opaque water-based paint-like marker pens

POSCA markers use water-based pigment ink to produce poster-paint-like vibrant colours. Posca is easily removed from glass, making it ideal for temporary signs and window art. Once dry, you can easily layer over the top to build your design and correct any errors.

- Water based poster-paint effect with no odour or smell
- Write your own sales slogans – looks like paint. Washes off easily.
- Produces an opaque, vivid colour

JPEG	.jpg	Joint Photographic Experts Group	300 dpi or more
PDF	.pdf	Portable Document Format	Press quality
Photoshop	.psd	Adobe Photoshop	300 dpi or more

* EPS and AI files are preferred. Convert all text to outlines
* TIFF and JPEG images must be at a minimum resolution of 300dpi.
* We cannot use logos/artwork copied from a web page as these images are low resolution and will produce a jagged, pixelated imprint.
If you have any questions, please call 020 8749 2759

Please email your artwork to sales@tagster.co.uk

Please submit CLEAN, BLACK AND WHITE LINE ART.

Tones and screens need to be converted to solids. Broken lines, weak lines, or smeared art cannot be imprinted. WE CANNOT USE FAXED ARTWORK. If black and white line art is not supplied for logos and special designs, you may be billed for art charges.

No tones or screens (gray area)

Art with broken lines, weak lines, or smeared or faxed art cannot be accepted

Artwork needs to be clean, black and white line art.

VAT no 853 5846 93

Arguably one of the finest wins of his career, Stirling Moss held off the superior Ferraris in an aging Lotus. Combating cooling issues on a hot Riviera weekend by simply removing the side panels of his Lotus and dousing himself in water before the race!

Monaco Grand Prix race results May 14, 1961, 100 Laps, 3.145 km

Pos	No	Driver	Constructor	Laps	Time / retired	Grid	Points
1	20	Stirling Moss	Lotus-Climax	100	2:45'50.1	1	9
